

ALZHEIMER & PARKINSON ASSOCIATION OF INDIAN RIVER COUNTY

The Power of Gratitude

It is often hard to see the challenges many families face when caring for a loved one with Alzheimer's or Parkinson's. Over 11 million Americans provide unpaid care

for people with Alzheimer's or other dementias, not including those with Parkinson's. No one should navigate this challenge alone. Without quality organizations such as the Alzheimer & Parkinson Association of Indian River County, many caregivers would not get the support they need. The Alzheimer & Parkinson Association improves the quality of life for individuals and families in Indian River County who are affected by memory and movement disorders through support, education, and connections. Together we are stronger.

This local organization offers over 40 programs and services, including exercise classes, memory screenings, caregiver respite, Project Lifesaver and other support groups. All programs are offered free of charge and their efforts served more than 3,500 individuals in our county last year. As our population continues to age, the need for this organization grows, and they rely entirely on donors to continue their efforts. We at SpirePoint Private Client, as well as our clients, have personally been impacted by these debilitating diseases. Our firm is committed to supporting this organization and we hope you will do the same.
